EDUCATION

State University of New York (SUNY) at New Paltz

Bachelor of Science, Computer Science, December 2019

Relevant coursework: Computer Science I - Computer Science III, Object Oriented Programming, Assembly Language, Calculus I - II, Web Programming, Language Processing, Software Engineering, Operating Systems

TECHNICAL SKILLS

Languages: Java

Databases: MySQL

Web Development: HTML, CSS, JavaScript, Bootstrap, React

EXPERIENCE

Assistant, SUNY New Paltz Print & Mail Services

1/2016 - 12/2019

Provided excellent service for those receiving and sending packages.

Completed tasks such as printing, binding, shredding, cutting, and laminating in a timely and efficient fashion.

Intern, New York City Transit Power Management

7/2018 - 8/2018

Worked with NYCT personnel to accomplish various tasks such as implementing different programs using Visual Basic for Access in order to organize/edit the database, organized physical copies of information, and analyzed different kinds of data.

Clerical, West Midtown Medical Clinic

6/2016 - 1/2017

Assisted patients and swiped ID cards to allow them into the clinic. Updated medical databases with relevant patient information. Assisted staff with different clerical tasks.

PROJECTS

New Paltz Job & Event Finder

- Added to new website in development by the computer science department at New Paltz
- Used HTML, CSS, JavaScript, PHP, and MySQL
- Submit information in file submission page, store information in separate text files in a directory, and display information using PHP, and MySQL

Dwaynerivera.com

- Created a personal website using HTML, CSS, JavaScript, and React
- Successfully made it into a single page website, that flows smoothly and acts as a second resume for myself.

Blog Website

- Currently creating a personal blog using HTML, CSS, JavaScript and React
- This website will also utilize PHP and MySQL for the backend application
- Will have a login feature, editable blog posts, and dynamic posting.

EXTRACURRICULAR ACTIVITIES

National Society of Black Engineers, Member

1/2018 - 12/2019

Develop interpersonal and professional skills

Student Association Senator

1/2018 - 5/2018

Work with other senators and use teamwork and communication to work up legislation and fully represent the student body at SUNY New Paltz.
